

Drimsynie Circular Walk

Drimsynie Circular Walk - 3.86km

A holiday goers favourite, this walk is signposted from the [Drimsynie House Hotel](#) car park, complete with viewpoint markers along the way pinpointing the main attractions. This is an easy walk ideal for families that is most enjoyable on a sunny day - also very popular with dogs!

- 1** Start in the Drimsynie House Hotel car park. Follow the forestry road through that takes you up behind and above the holiday resort - you will soon reach a picnic table and viewpoint marker.
- 2** Continue up towards the steeper part ahead - you are now above Corrow Farm with views to your right of Beinn Bheula and Beinn Lochain. You will eventually come to a split in the road and a direction sign for the Gleann Ban Walk leading up to the Gleann Ban Gorge.
- 3** You now have two options - take a short walk to the end, scramble up to the higher forestry road and carry on back to Lettermay and Corrow (which will take you roughly 2 hours), or;
- 4** Carry on along the forestry road until it twists and turns bringing you down to Corrow Farm - this is a working farm so there may be lambs about!
- 5** The circuit takes you down to the public road for a short section before directing you up to the chalet centre. The signs will eventually direct you back to the Drimsynie House Hotel car park.

For local accommodation, check out [Drimsynie Estate Holiday Village](#) at Argyll Holiday Parks.
