

Golf and the Government's relaxing
of lockdown restrictions.

Phase 3 – 10 July 2020

Introduction

We understand that a break from the game we miss will have had a significant impact on both the physical and mental health of thousands of golfers in Scotland.

These safe golf procedures focus on how golf clubs can re-introduce golf as part of the Government's Phase 1 relaxed restrictions in the first instance and have been prepared in consultation with Scottish Government and Public Health Scotland.

The golf community has been extended the opportunity to be an early sporting recipient that benefits from the relaxed restrictions. We urge everyone to be respectful of the preliminary guidelines and to apply good individual judgement, to ensure that in time we can move to a fully phased reintroduction of the game as we all know and love it.

It should be noted that the Scottish Government continues to monitor the situation closely and has not ruled out the reintroduction of restrictions, which could see golf suspended once again if public health measures dictate, or if the guidelines are not followed.

It is therefore imperative that golf clubs take the necessary steps outlined in this document prior to opening their courses for play and adhere to the guidelines, which could be subject to update or change at any time.

To support all golf clubs and golfers during this period, we have set up a designated area on the Scottish Golf website to ensure updates are clear and accessible to all. Visit scottishgolf.org/coronavirus-covid-19-updates to access our COVID-19 updates and through time additional phases of the re-introduction to golf in Scotland.

There may be a variance in guidelines and procedures throughout the UK, it is therefore important that golf clubs and golfers in Scotland follow procedures outlined by Scottish Golf and the Scottish Government.

Procedures for Golf Clubs

The following safe golf procedures set out the basis on how golf clubs can open and provide a safe environment for golfers as outlined by the Scottish Government's Phase 1 relaxation of restrictions. Procedures are subject to change, and we would ask all golf clubs to regularly check here for updates.

For Golf Clubs to continue operating their course they should first ensure that:

- All activity should be consistent with current guidance on health, physical distancing and hygiene – facilities should also make sure they can adapt to changes in guidance at short notice.

General Guidelines:

- Physical distancing rules outlined by the Scottish Government should always be adhered to. Visit www.nhsinform.scot/illnesses-and-conditions/infections-and-poisoning/coronavirus-covid-19/coronavirus-covid-19-physical-distancing
- Members who are in the highest risk (shielding) group outlined by the Government should stay away from the golf club. Categories are outlined - Visit www.gov.scot/publications/covid-shielding/pages/highest-risk-classification/
- Members with colds or any symptoms of COVID-19 should not be allowed on the premises of the golf club.

Tee Times and Access to Course:

- Tee-times should be managed and booked in advance – there should be no turn up and play allowed.
- Daily timesheets and intervals are at the discretion of the golf club – the following groupings will be permitted during phase 3:
 - Groups of up to four golfers with no restrictions on the number of households represented provided they adhere to the Government's physical distancing rules
- Competition play (club competitions only, no open play permitted) may resume in accordance with Handicapping Regulations and full compliance is required to permit scores for qualifying purpose.
- Tee timesheets should be kept for a period of at least 6 weeks to assist with contact tracing should the need arise.

Clubhouse, Equipment and Course Set-up:

- Golf Clubs may open toilet facilities subject to increased hygiene routines and in line with the governments public toilet guidelines.
- Risk assessment – should be carried out and documented.
- Physical distancing – the 2m rule applies to all these settings. Facilities need to adapt to encourage physical distancing.
- Workforce – ensure the relevant workplace guidance is followed for staff, and any existing health and safety advice is maintained and aligned.
- Golf clubs may offer indoor hospitality with physical distancing, increased hygiene routines and controls on the number of people with effect from 15 July.

- Cleaning – hand and respiratory hygiene are core measures and provision should be made for these. Clear guidance and plans are needed for cleaning facilities and equipment, and waste disposal.
- Buggies, electric or pull trolleys, clubs should not be available for hire unless safe sanitising practices can be guaranteed.
- Caddy services may resume, providing all physical distancing and hygiene measures are adhered to. A caddy can only have contact with up to four households per day and should be limited to carrying of bag, providing advice only and not passing golf clubs to the player.
- Where practice putting greens are open, the holes should be filled in, covered, or the cup raised and procedures for use should be considered, for example giving priority of use to the players in the next group due to tee off.

Advance Planning and Communication with Golfers:

- Agree to put in place proper management procedures to ensure golfers comply to this protocol.
- Communication to all members that they should follow the “Procedures for Golfers.” Provide golfers with regular updates on any changes made.
- Members are instructed not to touch the flag / flagstick, or the flagstick should be removed.
- Caddies are not permitted (exception: where the group of golfers and the caddies are from the same household).

Procedures for “Golfers”

The following procedures have been established to ensure a safe environment for all golfers and all on-site staff, as outlined by the Scottish Government’s Phase 3 relaxation of restrictions. Not only are Golfers expected to comply with the rules they must also observe the government and public health restrictions [Click Here](#). Both sets of regulations / procedures are subject to change, we would ask all golfers to regularly check with Scottish Golf and their Golf Clubs for regular updates.

To ensure the safe return to golf in Scotland, golfers should adhere to the guidelines:

In advance of play:

- If you are in the highest risk (shielding) group outlined by the Government, then you can now play with up to one other household.
- If you are ill or have any symptoms of COVID-19 then stay at home.
- Schedule your tee-time in the manner prescribed by your golf club. Under no circumstances should you arrive at the club without booking in advance.
- Tee group sizes will be determined by the Golf Club.
- Ensure you have enough golf balls, tees etc. as the facilities at the Golf Club may be closed and you should not exchange equipment with other members.
- Aim to arrive at the Club no more than 15 minutes prior to play.
- Park your car in such a way as to facilitate physical distancing.
- Change your shoes in the car park.

On the course:

- Do not arrive at the first tee more than 5 minutes before your allotted tee time.
- Always observe physical distancing rules on the course.
- With no rakes allowed on the course, golfers to make their very best efforts to smooth the sand using their club and/or their feet.
- Following play of a hole, do not enter the next teeing area until the all members of the group in front have played their tee- shots and exited the teeing area.
- Do not share equipment, food or drink with other players during your round.
- Do not use on-course water fountains, ball cleaners etc.
- Do not touch the flag or flagstick. Putt with the flagstick in and remove your own ball from the hole. Remember not every putt needs to be holed out in casual golf.

After your round:

- Return directly to your car, change your shoes and put your equipment in your car. Do not store your equipment in your locker.
- Use golf clubs indoor hospitality facilities while adhering to the Government's physical distancing rules with effect from 15 July.*

In addition, following guidelines should be observed:

- Bring your own hydration / food to the course.
- Bring your own hand sanitiser to the course and use regularly during the round.

Closing Remarks

Scottish Golf will remain in regular dialogue with Scottish Government, with regards to the procedures outlined in this document that are for playing golf during Phase 3 of relaxed restrictions. In addition, we will continue to work collaboratively with the UK Golf Industry for the safe and full return of our sport as and when it is determined by Scottish Government that it is acceptable for restrictions to be further eased in Scotland as outlined in the roadmap published on 21 May.

Golf Clubs are asked to note that the restrictions for permitted number of households to interact, physical distancing and hygiene are mandatory aspects that all facilities must adhere to. We have been made aware of a small number of clubs who are not following these rules and in doing so are potentially risking the position for whole golfing community.

We must remember that it is our shared duty as custodians of golf to ensure that we all play our part in following the protocols set out in this document to ensure that the phased return to the game is managed in line with Scottish Government guidelines. Given the fluidity of the current situation there may be a requirement to update and re-issue this guidance at regular intervals to reflect future government advice.

R&A - Rules of Golf Related Matter

For handicap qualifying competitions, please refer to Scottish Golf's support document. This will be a requirement for all handicap qualifying competitions in Scotland.

Until further notice, R&A have released the following provisions as acceptable on a temporary basis.

Scoring in Stroke Play

- In view of concerns around handling and exchanging scorecards (which may be in paper or electronic form as already provided in the Rules), on a temporary basis, Committees may choose to allow methods of scoring in stroke play that do not strictly comply with Rule 3.3b, or do not comply with the normal methods used under Rule 3.3b. For example:
 - Players may enter their own scores on the scorecard (it is not necessary for a marker to do it).
 - It is not necessary to have a marker physically certify the player's hole scores, but some form of verbal certification should take place.
 - It is not necessary to physically return a scorecard to the Committee provided the Committee can accept the scores in another way.
- As provided in the Rules of Golf, scorecards can be electronic, which could include emailing or texting scores to the Committee if acceptable to the committee.

Hole and Definition of Holed

- A method of inserting the hole liner may be used that means that all of the ball does not fall below the surface of the putting green and can be easily retrieved by handling the ball only. But if any of the following provisions are used, play in such circumstances is not in accordance with the Rules of Golf:
 - Treating a ball as holed or holed with the next stroke if it is within a certain distance of the hole.
 - Having the hole liner sitting above the surface of the putting green and treating a ball as holed if it strikes the liner.
 - Treating a ball as holed when it has bounced out of the hole for any reason (for example, when it has bounced off the flagstick, a tray attached to the flagstick or the hole liner).

Bunkers

- If rakes have been removed from the course, or if the Committee has requested rakes not be used, it is recognised that bunkers may not be smoothed as well as when there are rakes on the course. Players should be requested to smooth bunkers using their feet or a club, which was the method used to smooth bunkers until relatively modern practice of having rakes on the course was introduced. This may not provide an ideal lie in a bunker but coping with imperfect lies, whether in a bunker or elsewhere, is a normal part of the game.
- But if the Committee decides that, even with players making their best efforts to smooth the sand, the condition of the bunkers is likely to be so abnormal that it will be clearly unreasonable for players to play the ball as it lies, the Committee may use one of the following options:
 - Change the status of the bunkers to be part of the general area and declare them all ground under repair.
 - Introduce preferred lies in bunkers, for example allowing a place in the bunker within one club-length not nearer to the hole than where the ball came to rest.
 - But if the following provision is used, play in such circumstances is not in accordance with the Rules of Golf:
 - Allowing a ball to be lifted, the bunker to be smoothed and the ball to be replaced.

Note: A Committee should consult its handicapping authority for guidance on whether scores are acceptable for handicapping purposes.
